10th Global Conference on Letters of Credit

Thursday 9th & Friday 10th of June 2016
9 am – 5 pm

Celebrate with us our 10th Global Conference on Letters of Credit attended annually by practitioners from almost 50 countries.

New markets in Africa as well as difficult times - as the present developments in China or the ongoing situation in Russia show - seem to always arise somewhere. So the demand for secure payment through Letters of Credit increases steadily.

With ICC Austria's "Global Conference on Letters of Credit" you conquer the challenges of modern trade and stay up to date on recent developments as well as practice and meet your peers from some 50 countries.

What makes this conference different and successful is our strong and distinctive focus on content. We provide a truly international forum that addresses the challenges and seeks to answer the questions LC practitioners face in their daily business environment.

Every year we arrange a unique collection of topics. These include the industries' latest trends and developments, sessions designed to analyse the legal and practical issues in Letters of Credit, which explain their uses, highlight the areas of potential risk, show how to circumvent looming problems and teach effective drafting and documentation techniques.

ICC Austria can rely on the most distinguished expert speakers with long, successful careers in this global industry

Do not miss the chance to take part in in-depth training sessions, discussion of the current challenges and the invaluable opportunity to meet with your peers from around the globe.
